Media Talking Points – Employee Tests Positive for COVID-19

- Today we learned that one of our employees at **[LOCATION]** tested positive for COVID-19.
- This individual was immediately sent home to self-quarantine.
- The health and safety of our employees is always our main priority, and we moved swiftly to respond.
- We have identified and contacted all employees who may have had close contact with the infected employee over the past 48 hours, and they have been sent home to self-isolate.
- We are following all CDC and public health guidelines to make these decisions.
- As a food producer, **[ORGANIZATION]** has always had strong disease prevention measures in place at all of our farms, which includes **[BIOSECURITY MEASURES]**.
- We also have added additional health and safety procedures to prevent the spread of this virus at our operations, which includes **[WHAT]**.
- We will continue to take precautionary measures to mitigate the spread of this illness, so we can continue to care for our hens and provide wholesome eggs to consumers.
